Test PDF page 1

This is line 1 of page 1. ProScan should extract this text into Word.
This is line 2 of page 1. ProScan should extract this text into Word.
This is line 3 of page 1. ProScan should extract this text into Word.
This is line 4 of page 1. ProScan should extract this text into Word.
This is line 5 of page 1. ProScan should extract this text into Word.
This is line 6 of page 1. ProScan should extract this text into Word.
This is line 7 of page 1. ProScan should extract this text into Word.
This is line 8 of page 1. ProScan should extract this text into Word.
This is line 9 of page 1. ProScan should extract this text into Word.
This is line 10 of page 1. ProScan should extract this text into Word.
This is line 11 of page 1. ProScan should extract this text into Word.
This is line 12 of page 1. ProScan should extract this text into Word.
This is line 13 of page 1. ProScan should extract this text into Word.
This is line 14 of page 1. ProScan should extract this text into Word.
This is line 15 of page 1. ProScan should extract this text into Word.
This is line 16 of page 1. ProScan should extract this text into Word.
This is line 17 of page 1. ProScan should extract this text into Word.
This is line 18 of page 1. ProScan should extract this text into Word.
This is line 19 of page 1. ProScan should extract this text into Word.
This is line 20 of page 1. ProScan should extract this text into Word.
This is line 21 of page 1. ProScan should extract this text into Word.
This is line 22 of page 1. ProScan should extract this text into Word.
This is line 23 of page 1. ProScan should extract this text into Word.
This is line 24 of page 1. ProScan should extract this text into Word.
This is line 25 of page 1. ProScan should extract this text into Word.
This is line 26 of page 1. ProScan should extract this text into Word.
This is line 27 of page 1. ProScan should extract this text into Word.
This is line 28 of page 1. ProScan should extract this text into Word.
This is line 29 of page 1. ProScan should extract this text into Word.
This is line 30 of page 1. ProScan should extract this text into Word.

Test PDF page 2

This is line 1 of page 2. ProScan should extract this text into Word.
This is line 2 of page 2. ProScan should extract this text into Word.
This is line 3 of page 2. ProScan should extract this text into Word.
This is line 4 of page 2. ProScan should extract this text into Word.
This is line 5 of page 2. ProScan should extract this text into Word.
This is line 6 of page 2. ProScan should extract this text into Word.
This is line 7 of page 2. ProScan should extract this text into Word.
This is line 8 of page 2. ProScan should extract this text into Word.
This is line 9 of page 2. ProScan should extract this text into Word.
This is line 10 of page 2. ProScan should extract this text into Word.
This is line 11 of page 2. ProScan should extract this text into Word.
This is line 12 of page 2. ProScan should extract this text into Word.
This is line 13 of page 2. ProScan should extract this text into Word.
This is line 14 of page 2. ProScan should extract this text into Word.
This is line 15 of page 2. ProScan should extract this text into Word.
This is line 16 of page 2. ProScan should extract this text into Word.
This is line 17 of page 2. ProScan should extract this text into Word.
This is line 18 of page 2. ProScan should extract this text into Word.
This is line 19 of page 2. ProScan should extract this text into Word.
This is line 20 of page 2. ProScan should extract this text into Word.
This is line 21 of page 2. ProScan should extract this text into Word.
This is line 22 of page 2. ProScan should extract this text into Word.
This is line 23 of page 2. ProScan should extract this text into Word.
This is line 24 of page 2. ProScan should extract this text into Word.
This is line 25 of page 2. ProScan should extract this text into Word.
This is line 26 of page 2. ProScan should extract this text into Word.
This is line 27 of page 2. ProScan should extract this text into Word.
This is line 28 of page 2. ProScan should extract this text into Word.
This is line 29 of page 2. ProScan should extract this text into Word.
This is line 30 of page 2. ProScan should extract this text into Word.

Test PDF page 3

This is line 1 of page 3. ProScan should extract this text into Word.
This is line 2 of page 3. ProScan should extract this text into Word.
This is line 3 of page 3. ProScan should extract this text into Word.
This is line 4 of page 3. ProScan should extract this text into Word.
This is line 5 of page 3. ProScan should extract this text into Word.
This is line 6 of page 3. ProScan should extract this text into Word.
This is line 7 of page 3. ProScan should extract this text into Word.
This is line 8 of page 3. ProScan should extract this text into Word.
This is line 9 of page 3. ProScan should extract this text into Word.
This is line 10 of page 3. ProScan should extract this text into Word.
This is line 11 of page 3. ProScan should extract this text into Word.
This is line 12 of page 3. ProScan should extract this text into Word.
This is line 13 of page 3. ProScan should extract this text into Word.
This is line 14 of page 3. ProScan should extract this text into Word.
This is line 15 of page 3. ProScan should extract this text into Word.
This is line 16 of page 3. ProScan should extract this text into Word.
This is line 17 of page 3. ProScan should extract this text into Word.
This is line 18 of page 3. ProScan should extract this text into Word.
This is line 19 of page 3. ProScan should extract this text into Word.
This is line 20 of page 3. ProScan should extract this text into Word.
This is line 21 of page 3. ProScan should extract this text into Word.
This is line 22 of page 3. ProScan should extract this text into Word.
This is line 23 of page 3. ProScan should extract this text into Word.
This is line 24 of page 3. ProScan should extract this text into Word.
This is line 25 of page 3. ProScan should extract this text into Word.
This is line 26 of page 3. ProScan should extract this text into Word.
This is line 27 of page 3. ProScan should extract this text into Word.
This is line 28 of page 3. ProScan should extract this text into Word.
This is line 29 of page 3. ProScan should extract this text into Word.
This is line 30 of page 3. ProScan should extract this text into Word.

Test PDF page 4

This is line 1 of page 4. ProScan should extract this text into Word.
This is line 2 of page 4. ProScan should extract this text into Word.
This is line 3 of page 4. ProScan should extract this text into Word.
This is line 4 of page 4. ProScan should extract this text into Word.
This is line 5 of page 4. ProScan should extract this text into Word.
This is line 6 of page 4. ProScan should extract this text into Word.
This is line 7 of page 4. ProScan should extract this text into Word.
This is line 8 of page 4. ProScan should extract this text into Word.
This is line 9 of page 4. ProScan should extract this text into Word.
This is line 10 of page 4. ProScan should extract this text into Word.
This is line 11 of page 4. ProScan should extract this text into Word.
This is line 12 of page 4. ProScan should extract this text into Word.
This is line 13 of page 4. ProScan should extract this text into Word.
This is line 14 of page 4. ProScan should extract this text into Word.
This is line 15 of page 4. ProScan should extract this text into Word.
This is line 16 of page 4. ProScan should extract this text into Word.
This is line 17 of page 4. ProScan should extract this text into Word.
This is line 18 of page 4. ProScan should extract this text into Word.
This is line 19 of page 4. ProScan should extract this text into Word.
This is line 20 of page 4. ProScan should extract this text into Word.
This is line 21 of page 4. ProScan should extract this text into Word.
This is line 22 of page 4. ProScan should extract this text into Word.
This is line 23 of page 4. ProScan should extract this text into Word.
This is line 24 of page 4. ProScan should extract this text into Word.
This is line 25 of page 4. ProScan should extract this text into Word.
This is line 26 of page 4. ProScan should extract this text into Word.
This is line 27 of page 4. ProScan should extract this text into Word.
This is line 28 of page 4. ProScan should extract this text into Word.
This is line 29 of page 4. ProScan should extract this text into Word.
This is line 30 of page 4. ProScan should extract this text into Word.

Test PDF page 5

This is line 1 of page 5. ProScan should extract this text into Word.
This is line 2 of page 5. ProScan should extract this text into Word.
This is line 3 of page 5. ProScan should extract this text into Word.
This is line 4 of page 5. ProScan should extract this text into Word.
This is line 5 of page 5. ProScan should extract this text into Word.
This is line 6 of page 5. ProScan should extract this text into Word.
This is line 7 of page 5. ProScan should extract this text into Word.
This is line 8 of page 5. ProScan should extract this text into Word.
This is line 9 of page 5. ProScan should extract this text into Word.
This is line 10 of page 5. ProScan should extract this text into Word.
This is line 11 of page 5. ProScan should extract this text into Word.
This is line 12 of page 5. ProScan should extract this text into Word.
This is line 13 of page 5. ProScan should extract this text into Word.
This is line 14 of page 5. ProScan should extract this text into Word.
This is line 15 of page 5. ProScan should extract this text into Word.
This is line 16 of page 5. ProScan should extract this text into Word.
This is line 17 of page 5. ProScan should extract this text into Word.
This is line 18 of page 5. ProScan should extract this text into Word.
This is line 19 of page 5. ProScan should extract this text into Word.
This is line 20 of page 5. ProScan should extract this text into Word.
This is line 21 of page 5. ProScan should extract this text into Word.
This is line 22 of page 5. ProScan should extract this text into Word.
This is line 23 of page 5. ProScan should extract this text into Word.
This is line 24 of page 5. ProScan should extract this text into Word.
This is line 25 of page 5. ProScan should extract this text into Word.
This is line 26 of page 5. ProScan should extract this text into Word.
This is line 27 of page 5. ProScan should extract this text into Word.
This is line 28 of page 5. ProScan should extract this text into Word.
This is line 29 of page 5. ProScan should extract this text into Word.
This is line 30 of page 5. ProScan should extract this text into Word.
